

# MERRY CHRISTMAS

We have been overwhelmed by all those who have believed, dreamed, and helped **give** financially and faithfully to the ministry here. And we have seen so many who have **come** when we asked for help to ready the new campus. Through all this generosity we have been blessed to see 12 work teams from the States and one local church here help to:

- roof the boys dorm & plantation house
- roof the Wurdeman home
- do many electrical and plumbing repairs
- tear out and replace termite ridden rafters and repair Bro John's house
- complete and set up 2 classrooms
- set up and built a computer lab
- so much painting, building floors, adding windows
- tearing out the floor and making a new library and shelves
- making a garden, building chicken coops, and doing yard work
- sorting office supplies and so much more

We are so very thankful for you so many **praying** for all of this!

With all the work getting done, we still have more to do. But, we are thankful for all God has allowed to be accomplished.

As physical work is being done in anticipation for the many hearts of students which will be worked on at this new campus, we are reminded of a wonderful passage which Paul writes in Colossians 3:17 which says, "And whatever you do, whether in word or deed, do it all in the name of the Lord Jesus, giving thanks to God the Father through him."

With many thanks,  
Brice & Amanda Wurdeman

## Prayers for Sis Jackie

Founding Director, Sis Jackie recently had major surgery to make sure to remove any cancer. Pray as she recovers in the healing process.

## Thank you, Fergusons!

For the last 2 years Dave and Pam have served at WISE in many roles and they were essential in helping the college move to Barbados. We love them and know they **will** serve the Lord faithfully in their next ministry.
